EXAMINATION LEAVE.

Section 12*A*.—An Officer, permitted to present himself at any examination, which must be passed before a person is eligible for higher subordinate appointments, such as Deputy Magistracies, may, under the orders of the Local Government, be allowed leave of absence for the number of days which is actually necessary to enable him to attend at the examination. This absence is expected to be short, and no deduction will be made from the Officer's allowances, unless the head of the Office finds it necessary to enable him to make arrangements for carrying on the work: such leave should not be allowed more than twice for each standard of examination 68

No. 901.—Directs that the following be added as Rule 3 under Section 12 of Supplement F to the Civil Leave Code:—

3. Hospital Assistants employed in the Civil Department may, during the period of their service in that Department, be allowed privilege leave, provided that no extra expense is caused by the grant of the leave 81

No. 978.—The Governor General in Council directs that the following be substituted for Sections 18 and 19 of the Civil Leave Code, and the rules under those sections:—

Section 18.—The amount of privilege leave admissible at one time is limited to three calendar months.

The amount of privilege leave earned by an Officer is one-eleventh of the time during which he has been on duty without interruption. Provided that no privilege leave can be earned by an officer by duty done while three months such leave are due to him.

The privilege leave due to an Officer is the privilege leave which he has earned, less the period during which he has been absent on privilege leave.

Absence on privilege leave, though not counting as duty, is not an interruption of duty within the meaning of this section.

[NOTE.—*This rule applies to Commissioned Military Officers in Civil employ.*]

1. To Uncovenanted Judicial and Educational Officers, whose duties are not continuous, and who enjoy

Page.

regular vacations during which they are allowed to be absent from duty, privilege leave is not admissible except in case of urgent necessity.

2. The Local Government may, with the sanction of the Government of India, impose a similar restriction in the case of Covenanted Officers.

3. Time spent on subsidiary leave does not qualify for privilege leave. But if an officer returning from leave not before the expiration thereof, be, solely for the convenience of the Local Government, and not for any fault of his own, prevented from joining an appointment on which he has a lien; or if he be kept out of employ on subsistence allowance; then, duty qualifying for privilege leave begins on the day on which he presents himself to the Local Government ready for duty.

4. When an officer is first appointed to the public service, duty qualifying for privilege leave does not begin until he takes charge of a particular office.

5. "Examination leave" may, if the examination for which it was granted be successfully passed, count as duty qualifying for privilege leave, unless the Officer has already had twelve months such leave.

6. Suspension from office as a penalty for misconduct is an interruption of duty within the meaning of this section.

[NOTE.—*This rule applies to Commissioned Military Officers in Civil employ.*]

7. If an Officer remains absent after the end of examination leave, or of joining time, the period of absence cannot count as duty qualifying for privilege leave, and unless the absence is accounted for to the satisfaction of the Local Government, it is an interruption of duty within the meaning of this section.

[NOTE.—*This rule applies to Commissioned Military Officers in Civil employ.*]

8. With regard to the privilege leave of Commissioned Military Officers in Civil employ, no distinction is made between Officers who have substantive Civil appointments and those who are merely officiating in the Civil Department. The leave is earned by uninterrupted duty in either the Civil or the Military Department.

Page.

Section 19.—To an Officer who has been on duty without interruption for eleven calendar months, and who has not, for six calendar months, been absent on privilege leave, the whole or any part of the privilege leave due to him may be granted.

[NOTE.—*This rule applies to Commissioned Military Officers in Civil employ.*]

1. Before privilege leave is granted to an Officer, he must record a declaration that he has no intention of retiring or of taking furlough, special leave, or leave on private affairs or medical certificate within three months of his return to duty. Though not absolutely debarred, by this declaration, from applying to retire or for such leave within the three months, he should, if he does so, explain fully his change of mind.

[NOTE.—*This rule applies to Commissioned Military Officers in Civil employ.*]

2. If an Officer is, on public grounds, recalled to duty from privilege leave before the whole leave granted to him is ended, privilege leave may be granted to him again even within six calendar months from the date of his return to duty ... 103

[NOTE.—*This rule applies to Commissioned Military Officers in Civil employ.*]

No. 1410.—Directs that the following Rule be substituted for Rule 5 in Chapter VIII of the Civil Leave Code, and that Rule 8 under Section 24 be cancelled :—

5. Unless for some special recorded reason, the Government or other authority under whose orders the transfer takes place permits or requires it to be made in any particular case elsewhere or otherwise, the charge of an office must be made over at its head quarters, both the relieving and relieved Officers being present.

As a general rule, and subject to any special orders to the contrary in particular cases, the head quarters of an Officer on the staff of a Government, as, for instance, a Secretary to a Government, the Sanitary Commissioner with the Government of India, or a Clerk in a Government Secretariat, are the head quarters for the time being of the Government to which he is attached.

The head quarters of any other Officer are either the station which has been declared to be his head quarters by the authority which appoints him, or, in the absence of such declaration, the station where the records of his office are kept... 192

No. 2356.—Directs that the following be added as Rule 6 under Section 21 of the Civil Leave Code:—

No. 303.—Directs that the following be added to paragraph 2 of Section 18 of the Civil Leave Code, as revised in Notification No. 978, dated 10th February 1873—"and that whenever duty is interrupted, all claim to privilege leave earned theretofore is forfeited" 414

"When an Officer, who has retired on a pension obtained, not on medical certificate, but after a prescribed period of service, is subsequently employed in any public capacity, he shall be permitted to draw the pension in addition to the salary of the office to which he may be appointed; but in the event of a Military Officer resigning the service after he has been appointed to a Civil office, he must at the same time vacate that office. He may, however, be re-appointed to the office, not as a matter of course, but only in the event of your considering it decidedly for the benefit of the public service."

3. You also state that the principle of that rule, which was at first applicable to Commissioned Military Officers in Civil employ, has been extended to all Civil Officers,

Page.

and that Section 96 of the Civil Pension Code provides that "no Officer can be permitted to retire with the view of being re-employed, whether in the general service or at the charge of local funds, and drawing pension in addition to pay," and you propose that that rule should now be extended to Military Officers in Civil employ.

4. Previous to the receipt by you of the Financial despatch, dated the 9th July 1868, No. 290, it was the invariable rule that a Military pension should merge in Civil salary, and it was only on "your strong recommendation" that any modification of that rule was authorized.

5. Under the terms of the modification sanctioned in 1868, you have full power to guard against the abuse of the concession granted by declining to re-appoint any Officer to a Civil appointment who may resign the service for the purpose of obtaining Military pension in addition to Civil salary; and I am of opinion that you should do so, except under exceptional circumstances, when it is decidedly for the benefit of the public service. I see no objection, however, to your proposition to extend to Military Officers in Civil employ the rule on the subject which you have laid down as regards Civil Officers.

6. * * * request should accordingly be negatived.

No. 249 of 1873.—Publishes for general information the following Military letter from the Right Hon'ble the Secretary of State for India :—

MILITARY. INDIA OFFICE;

No. 14. *London, 30th Jan.* 1873.

To His Excellency the Right Hon'ble the Governor General of India in Council.

MY LORD,

PARA. 1. I have received and considered in Council your Military letter No. 200 of the 26th September 1872, containing proposals to enable Officers of Royal Engineers employed in India to qualify for the military examinations prescribed by Horse Guards General Order No. 52 of 1872, to be passed previous to promotion.

2. In reply, I have to acquaint your Government that I have sanctioned the following arrangements :—

I.—That Royal Engineer Officers in the Public Works Department in India may be allowed to take special leave for three months in India on full pay, in order that they may be attached to some Corps for military duty; such leave to be considered as service in all respects.

Page

II.—That all Lieutenants and Captains of the Royal Engineers, when on furlough in England, shall be allowed, in addition to their furlough, to spend a certain time on duty at the School of Military Engineering at Chatham, drawing English pay and extra pay as laid down at page 45 of the Revised Army Regulations, together with servant's allowance at the rate of 1*s.* 6*d.* a day.

The "certain time" above referred to is to be a maximum of six months after the first eight years of service in India qualifying for furlough, and three months after the second period of six years.

The time passed at Chatham on duty will not be allowed to reckon as a qualification for furlough.

Officers on furlough, who may prefer to spend a part of their furlough at the School, will not be subject to any reduction of their furlough pay.

III.—That the same advantages be accorded to Officers of Royal Engineers on leave on medical certificate, the time to be passed at Chatham in their case being regulated on the above principle, the period, however, not being less than three months.

3. In accordance with the suggestion of Lord Napier of Magdala, a certificate of proficiency will be required in all cases to authorize the time passed in study at Chatham to count as service in India.

I have, &c.,

No. 385 of 1873.—Publishes for general information the following Military Letter from the Right Hon'ble the Secretary of State for India:—

MILITARY. INDIA OFFICE;

No. 234. *London, the* 11*th December* 1872.

To His Excellency the Right Hon'ble the Governor General of India in Council.

MY LORD,

PARA. 1. I have had occasion to consider the present regulations respecting the cessation of furlough pay after an absence of two and a half years from India, as respects officers not under the Furlough Rules of 1868; and also with regard to the date of retirement of Officers retiring in this country, and the consequent cancelment, in some cases, of rank; and I have decided that henceforth the following rules shall be applicable to all Officers of the Staff Corps, and of the Medical Service, and of the General List, of and above the rank of Captain:—

1.—Pay shall be regularly issued up to the full period of leave allowed, not exceeding three years.

2.—An Officer shall be allowed to retain any rank he may have attained previous to date of retirement.

3.—He shall receive any half-pay pension allotted to him in virtue of that rank.

4.—The date of retirement shall be the date of the Officer's application to retire.

5.—The retired pay shall be issued from the date of retirement, or the date when pay on furlough ceased, whichever may first happen, except in the following case.

Page.

6.—An Officer who attains an advanced rank after the cessation of pay, and then retires on half pay pension in virtue of that rank, shall receive his retired pay from the date of his promotion only.

2. The above rules will not apply to the Officers of the local Army or to Subaltern on the General List, who will remain under former regulations.

3. My attention has also been drawn to the retiring (full pay) regulations as applicable to Officers of the General List.

4. As the promotion of these Officers, after attainment of the rank of Captain, is governed, like that of the Staff Corps Officers, by length of service, it appears to me that their pensions should be regulated in the same manner. I request therefore that it may be notified that the rule as to retirement on pension of rank after 22 years' service is not applicable to Officers of the General List ... 340

High Court, rules and orders of the of judicature at Fort William in Bengal, in its original jurisdiction, to take effect from the fifteenth day of January 1873 :—

1. If a suitor appear in person, he shall affix on the deposition of each witness examined on his behalf, within 48 hours after the termination of the trial, High court stamps equal to the amount of the fee payable for swearing and reducing into writing the deposition of such witness.

2. In all cases in which the parties are represented by attorneys, the attorney for each party will be held personally responsible to the court for the payment of the fees for swearing and reducing into writing the depositions of witnesses examined on behalf of his client.

3. In every such case High court stamps equal to the amount of the fee payable for swearing and reducing into writing the deposition of each witness shall, within 48 hours after the termination of the trial, be affixed on his deposition by the attorney of the party on whose behalf such witness shall be examined.

4. If default be made in complying with the last preceding rule, the registrar will give notice in writing to the defaulting attorney that unless the fees due be paid within 24 hours from the service of the notice, application will be made against him for an order prohibiting him from acting as an attorney.

5. Every attorney who shall not have paid the fees due as aforesaid within the time mentioned in the registrar's notice, may be, if the court shall think fit so to direct, upon the application of the registrar (which it shall be his duty to make), prohibited from acting as an attorney until the further order of the court.

6. Every order suspending an attorney from practice for non-payment of fees shall be set aside on the certificate of the registrar that the fees have been paid 38

Rule read and passed as the rule of the—of judicature at Fort William in Bengal, to take effect from the first day of March 1873 :—

Every petition for probate of letters of admn. shall contain, in addn. to the particulars required by the Indian Succession Act, 1865, a statement containing such details as will show fully how and on what principle the value is calculated or arrived at 121

Rules and tables of fees which are to come into effect as the rules and tables of fees of the—of judicature at Fort William in Bengal in its original civil jurisdiction from the fifteenth day of May 1873 :—

2 In such suits the costs of written statements will not be allowed as between party and party, unless the allowance thereof shall be sanctioned by the court or a judge.

3. In such suits the costs of written statements spontaneously tendered, when not allowed as between party and party, under the second of these rules, will not be allowed on taxation as between attorney and client, unless it shall appear that the attorney, before preparing such statements, specifically informed the client the risk incurred by him of not being allowed the costs thereof as between himself and the other party in the suit.

4. In suits for sale of mortgaged property, in which the sum due for principal does not exceed one thousand rupees, the sale shall be advertised once at least in an English newspaper, a Bengali newspaper, and a Persian newspaper, provided always that the registrar shall be at liberty to dispense with the publication of the advertisement in any one of the above papers whenever it may be necessary to do so for the purpose of keeping the advertising charges within the limit of fifty rupees 238

No. 3937.—The following Resolution is published for general information:—

The Governor General in Council having reason to believe that the Government Savings Bank in Bombay was being employed for purposes which it was not intended to serve, caused enquiries to be made as to the character of the more recent accounts, the classes by whom deposits were made, and the way in which the accounts were worked.

From these enquiries it appears that there are numerous accounts, many of them recently opened, in which the maximum sum allowed has been deposited at once; and that the limit prescribed as to the amount of each account has been in practice evaded, the same person having opened more than one account.

The object of Government Savings Banks is to afford to the industrial classes and to persons of limited means, facilities for the accumulation of small savings. The essential character of the class of accounts that it is desirable to encourage is that they are growing accounts. It was not the intention of Government to encourage the deposit at Savings Bank rate of interest of considerable sums of money.

In order, therefore, to ensure that the Savings Banks shall be used only for legitimate purposes, His Excellency in Council is pleased to rule as follows:—

1st.—Without the special permission of the head of the office, which should be very sparingly given, no one may deposit in any Government Savings Bank in India more than Rs. 500 in one year or more than Rs. 1,000 in all.

2nd.—Ordinarily, no one may open for himself or the members of his family more than one account 1028

ADMINISTRATION AND PUBLIC DEPTS.

No. 2422.—Refers to Financial Department Resolution No. 3116, dated 18th December 1871, under which officers are selected for appointment to the Financial Department by a system of competitive examination of nominated candidates, the officers thus appointed being required, subsequently, to pass two departmental examinations; and to complete this system, it appears necessary to provide that, in order to their obtaining thorough practical experience, the young officers on first appointment shall for some time take a personal part in performing the actual work of the several departments of an account office; therefore rules that for the future, on appointment to the sixth class of the Financial Department, an officer shall, for the period of at least one year, receive a definite course of training in the clerical duties of an Accountant General's Office under certain regulations which will be prescribed hereafter. During this year of training the officer must not be appointed to act in any higher class of the Department or to undertake any higher duties.

2. To secure this object, it is necessary to increase the present complement of the sixth class. It is found by experience that to fill vacancies in the Department, the number of officers in the sixth class must be at least one-fifth of the total number of officers in all the classes of the Department. The sanctioned complement is now—

Classes I to V ...	46
Class VI (Probationers)	12
TOTAL ...	58

Page.

So that the present number of probationers is not more than barely sufficient for present requirements; and unless it be increased, it will be impossible to spare young officers on their first appointment for personal training.

3. Sanctions, therefore, the increase from twelve to fourteen of the number of probationers in the sixth class. The sanctioned complement of classified officers in the Financial Department will then be as follows:—

Class	I	6
„	II	7
„	III	10
„	IV	10

MISCELLANEOUS.

No. 2997.—In consequence of the failure of the autumn rice-crop throughout a large part of the territories administered by the Lieutenant Governor of Bengal, there is reason to fear that there may be a large expenditure of money for the relief of the distress and a serious loss of revenue.

2. The Viceroy and Governor General accordingly deems it necessary to invite the attention of local Governments and chiefs of departments to the imperative necessity that is laid upon the Government and its officers for the immediate curtailment of all expenditure that can be reduced, postponed, or dispensed with. The scarcity in Bengal may cause a considerable strain on the general resources of the State, and expenditure that would be proper under ordinary circumstances would be out of place now.

3. His Excellency desires that each officer will take immediate steps to stop any expenditure in the present year that can be prevented, and that all estimates of charge for the coming year 1864-65 may be reconsidered and reduced to the utmost possible extent.

4. No increase of expense should for the present be suggested that can by any means be avoided.

5. The Viceroy and Governor General is confident that officers of the Government will recognize the necessity of these instructions, and he looks for their loyal co-operation in giving effect to them 953

VICTORIA R.

Whereas We have been pleased to approve of the re-organization of Our Indian Medical Service, Our will and pleasure is, that Our Warrant of 13th January 1860 be cancelled, and that from and after the date of this warrant, the following rules shall be established for the future promotion and relative rank and allowances of the Medical Officers of Our Indian Military Forces, and that by these rules Our Viceroy and Governor General in Council, and the Governors in Council of Madras and Bombay respectively, shall be governed:—

1. The grades of Medical Officers in Our Indian Military Forces shall be four in number, *viz*:—
   1. Surgeon-General.
   2. Deputy Surgeon-General.
   3. Surgeon-Major.
   4. Surgeon.

2. A Surgeon shall be promoted to Surgeon-Major on completion of twelve years' service from date of first Commission, subject to his passing such examination as Our Principal Secretary of State for India in Council may require.

3. In cases, however, of emergency, or when the good of the service renders such alteration desirable, it shall be competent for the Secretary of State for India, on the recommendation of Our Viceroy and Governor General of India in Council, to shorten the period of service above-mentioned, in such manner as he shall deem fit and expedient.

4. All promotion from the rank of Surgeon-Major to that of Deputy Surgeon-General, and from the rank of Deputy Surgeon-General to that of Surgeon-General, shall be given by selection for ability and merit; and the grounds of such selection shall be stated to us in writing, and recorded in the office of the Secretary of State for India in Council.

5. With a view to maintain the efficiency of the service, all Medical Officers of the rank of Surgeon-Major shall be placed on the retired list when they shall have attained the age of 55 years, and all Surgeons-General and Deputy Surgeons-General when they shall have attained the age of 65 years; but as respects Surgeons-Major, who entered the service prior to the 13th January 1860, this rule shall be relaxed, and an officer who has attained the age of 55 years without having obtained the rank of Deputy Surgeon-General shall be permitted to remain in the service for three years more, on his perfect competency and fitness being certified in such manner as Our Secretary of State for India may direct. In any special case where it would appear to be for the good of Our Service that the officer should continue in employment, he may be so continued, subject in each case to the sanction of Our Secretary of State for India in Council.

6. The relative rank of the medical officers of Our Indian Military Forces shall be as follows:—

   Surgeon as a Lieutenant, according to the date of his commission; and after six years' service as Captain, according to the date of the completion of such service.

   Surgeon-Major as Major, according to the date of his commission; and after 20 years' service as Surgeon and Surgeon-Major, as Lieutenant-Colonel, but junior of that rank except for choice of quarters.

   Deputy Surgeon-General as Lieutenant-Colonel, according to the date of his commission; and after five years' service as Deputy Surgeon-General, as Colonel,

according to the date of the completion of such service.

Surgeon-General as Brigadier-General, according to the date of his commission; if with an army in the field, or after three years' service as Surgeon-General, as a Major-General from the date of his joining such army in the field, or according to the date of the completion of such service.

7. Such relative rank shall carry with it all precedence and advantages attaching to the rank with which it corresponds [except as regards the presidency of courts-martial, where Our will and pleasure is, that the senior combatant officer be always president], and shall regulate the choice of quarters and the rates of prize money.

8. Medical officers shall be entitled to all the allowances granted to our Indian Military Forces on account of wounds and injuries received in action as combatant officers holding the same relative ranks.

9. Their families shall in like manner be entitled to all the allowances granted, under existing regulations, to the families of combatant officers holding the same relative ranks.

10. A medical officer, retiring after a service of 25 years and upwards, may, if recommended for the same by the Government of his Presidency, receive a step of honorary rank, but without any consequent increase of pay.

11. Six of the most meritorious medical officers of the service shall be named Our Honorary Physicians, and six Our Honorary Surgeons.

Given at Our Court at Windsor, this 10th day of May 1873, in the Thirty-sixth Year of Our Reign.

To His Excellency the Right Hon'ble the Governor General of India in Council.

MY LORD,—

1. I have considered in Council your Military letter No. 41, dated 21st February 1873, referring for my decision a question whether officers who have already made provision for their wives may subscribe to the new Pension Fund for their children only.
2. Major General Hannyngton states that the contributions to this Fund for children are independent of those for wives, and that consequently no objection exists to allowing officers who are placed in such circumstances to subscribe as unmarried members in the same manner as widowers.
3. The privilege of subscribing to the Indian Service Family Pension Fund for children only, may therefore be granted to all officers who have entered the service since the date of the closing of the Military Funds to new subscribers, and have made other provision for their wives.
4. In such cases, subscribers must pay the unmarried rates of subscription of their class as laid down in Table VI, as well as the birth, donation, and the ordinary subscription for each child as laid down in Tables V and VII of the Regulations.

No. 1085 of 1873.—With reference to G. G. O. No. 922 of 1861, the following rules for the repair of camp equipage in possession of British troops, in supersession of Clause 1078 of the Revised Military Regulation, are published for general information and guidance:—

Any petty repairs necessary to camp equipage while in use on the march will be executed by Quartermasters or Commissariat Agents under the orders of the Commanding Officers, the actual expense being charged in contingent bills duly vouched and countersigned by Commanding Officers. These bills are to be sent to the Examiner of Ordnance Accounts for check and payment, accompanied by copies of orders directing the repairs.

The petty repairs on a march, the bills for which will be passed on regimental or detachment orders, are not to exceed one (1) rupee for each tent within the space of one month; the amount will be paid by the Commissariat Agent with the regiment or detachment on the receipt of the Commanding Officer, the repairs being executed under the orders of the latter, and the bill transmitted by him to the Examiner, Ordnance Accounts, for audit.

In case of repairs of a more extensive nature, the Commanding Officer will examine the tents and specify (in the accompanying form) the extent of repairs required, and on this report an estimate is to be framed for the probable cost of the same. The estimate only to be prepared in duplicate. If the urgency of the case requires that these repairs should be done immediately, the report and estimate are to be submitted to the officer commanding the station or camp, who will direct the Deputy Paymaster or Commissariat Officer to advance the requisite amount, transmitting the documents to the Assistant to the Inspector General of Ordnance and Magazines for check, and stating the reasons why the repairs were required to be made immediately.

If the repairs are not required to be executed at once, the report and estimate are to be transmitted direct to the Assistant to the Inspector General of Ordnance by the officer commanding the corps or detachment, for authority to apply to the Commissariat Officer, or Deputy Paymaster for the necessary advance.

In either case the estimate is to be so framed as to show the quantity of materials and the number of workmen that will be required to execute the repairs stated in the report to be requisite, and in order to ensure, as far as possible, the amount being sufficient, 10 per cent. will be allowed for unforeseen contingencies. The station price current of labor and materials, under the signature of the officer in charge of the principal bazar, is to accompany the estimate.

The repairs are to be executed with due regard to economy, as early as possible after receipt of the advance, and a bill showing in detail the actual expenditure incurred transmitted to the Examiner of Ordnance Accounts on the completion of the work, the estimate and price current being attached as vouchers. Any considerable deviation from the amount of the estimate is to be accounted for in a letter accompanying the bill.

A certificate from the officer commanding, as to the manner in which the tents have been repaired, and the reasonableness of the charge, is to be attached to the bill:—

MILITARY. INDIA OFFICE;
No. 184. *London, 8th September* 1873.

His Excellency the Right Hon'ble the Governor General of India in Council.

MY LORD,—

I have received and considered in Council your Military letter No. 58 of the 14th March 1873, relative to the case of Captain ———— 92nd Highlanders, Aide-de-Camp to the General Officer Commanding the Rawul Pindee Division, who was granted in G. O. No. 438 of 1872 leave to Europe on urgent private affairs without pay under the rules of 1854.

2. I consider that Captain———— should not have been granted leave under the Furlough Rules of 1854, which only apply to officers of Her Majesty's British Army whose Regiments arrived in India before the date of the publication of the Passage Warrant of 1865.

3. As the 92nd Regiment was serving on the Indian Establishment, Captain ———— received the British pay of his Regimental rank from

this Office. To this rate, he was entitled up to the date of his return to India.

No. 1172 of 1873.—With the sanction of the Right Hon'ble the Secretary of State for India, the following Regulations are published regarding the passages admissible, and the table-money chargeable to officers (including their families) of the British and Indian Army when proceeding on duty between ports in India, or from any port in India to any Indian foreign station, or to any of Her Majesty's colonies, while retained on the Indian Establishment:—

I.—Officers of the British or Indian Army proceeding on duty with troops from port to port in India, or from any port in India to any Indian foreign station, and officers of the Indian Army, or of Her Majesty's British Army, while retained on the Indian Establishment, when required to proceed with troops to any of Her Majesty's colonies, will in future be granted a free passage for their families (when the latter are permitted to accompany them) by accommodation either on hired transports, contract vessels, &c., or on private vessels when there is no room in the former.

II.—The officers will be subject to the payment of table-money for their families under the following conditions:—

(a).—The fixed Indian rates, as at present in force, if the voyage does not exceed twenty days.

(b). Half the present fixed Indian rates for any number of days in excess of twenty and within fifty.

(c). Half the present fixed Indian rates for the entire voyage when it may exceed fifty days.

III.—Under the same conditions of continuing on the Indian Establishment, and being subject to the same payments of table-money, an officer who may be absent from India on furlough when his Regiment proceeds to any of Her Majesty's colonies, or who may be unable, whether from sickness or other unavoidable cause, to rejoin it in time to embark with it, will be allowed a free passage for himself by hired transport or private vessel, according to circumstances; but he must make his own arrangements for the accommodation, as well as for the messing, of his wife and family.

IV.—All payments under these conditions (excepting those for wives and families of officers under the preceding clause, which will be settled by the officers) will be made to the agents of the vessels after the termination of the voyage, and will be recovered from the officers by deduction from their next pay abstracts.

V.—Officers of British Regiments, which may be struck off the Indian Establishment, on quitting India for any of the colonies, will, as respects passage for themselves and families, come under the operation of the terms of the Royal Passage Warrant of 1865 962

FINL. INDIA OFFICE;
Mily. Fund, London, 23rd Oct. 1873.
No. 486.

To His Excellency the Right Hon'ble the Governor General of India in Council.

MY LORD,—

1. I have considered in Council your Military letter No. 168, dated 11th August 1873, requesting to be informed whether subscribers to the Indian Service Family Pension Fund may be permitted to subscribe for their wives only, and not for their children, and whether they have also the option of subscribing for some of their children only.

2. I see no reason for extending the arrangement under which an officer, who made a provision for his wife when he had not the option of becoming a Member of a Fund, was allowed the privilege of subscribing to this Fund at the unmarried rate for his children only, and I have therefore decided that all subscribers should be required to subscribe for all their children who are within the age rendering them eligible for admission to the Fund.

I have, &c.,
